Exciting Term of Court in Sumterville
Judge Bullock had a very thrilling experience while holding court in Sumter county.

Some weeks ago a gentleman by the name of Lee Graham was shot and killed by an escaped convict under peculiarly horrible circumstances the particulars of which were printed in this paper at the time.

The murder aroused a great deal of feeling in the county.

The murderer was caught some days ago in Tampa.

Governor Jennings promptly ordered a special term of the court to try the murderer, and Judge Bullock practically adjourned court here to go to Sumter to hold the special term of court ordered by the governor.

The prisoner was held in Tampa until the time for the trial. In conveying him from Tampa Sheriff Lane, of Sumter county, was assisted by Sheriff Nugent, of this county, and perhaps by the sheriff of Hillsborough as well.

A jury was impaneled without much loss of time, attorneys were appointed by the court to defend the murderer, a large number of persons were present at the trial and it was feared that their purpose was to lynch the negro as soon as the jury returned a verdict.

Before the jury returned a verdict Judge Bullock took a recess, addressed the multitude, counseled them to quiet and implored them to uphold the power and the dignity of the law. He promised that the negro should be securely kept and a speedy execution would follow the verdict of the jury.

When the court convened and the verdict of guilty was read a pistol was fired, which, it seems had been agreed upon as the signal for the mob to gather and lynch the wretched prisoner.

Judge Bullock promptly left his place on the bench and got in front of the condemned man and told the mob that they must stand back and permit the law to take its course.

The mob, however, was not so easily appeased, and it was only after constant appeals that they quieted down. Finally Judge Bullock appointed a body guard of ten resolute men, named by the bystanders, to assist him in protecting the wretch and by the judge handcuffing himself to the prisoner succeeded in conveying him to the jail.

During the excitement Sheriff Nugent, of this county, stood by Judge Bullock and acted very courageously as did also Sheriff Lane. The duties of these two officers of the law was particularly trying, but they acted all through it with great nerve and fortitude.

Attorney Koonce, who is the representative of that county in the state legislature and editor of the Sumterville Times, made a very effective appeal to the mob and in order to pacify them agreed to make a transcript of the records of the court and proceed at once to Tallahassee, have Governor Jennings sign the death warrant and fix an early date for the prisoner's execution.

It was a very exciting episode for Judge Bullock and one that he will long remember and discounts any of the experiences of the judges even in the pioneer days.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure, it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Foul blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

FREE.—Dr. Pierce's Common Sense Medical Adviser, 1008 pages, 700 illustrations, is sent free on receipt of stamps to defray expense of mailing only. Send 21 one-cent stamps for paper covers, or 31 stamps for cloth, to Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

A Big Land Deal.

Dr. J. D. Fancher, representing Foley's Honey and Tar, of Chicago, was in Ocala yesterday and confirmed the report that Dr. J. B. Foley, the proprietor of this big medicine concern, has purchased from the Southern States Lumber company, of Pensacola, 25,000 acres of lands in Alabama adjoining the Florida line. The sum paid was \$94,000.

The purchase includes the famous Magnolia Springs, where Dr. Foley will build an elegant winter home. He is a very wealthy man and will spend large sums of money in improving his property. He will raise fine cattle and will make a model farm.

This sale was brought about by Dr. Fancher, so well known here and all over Florida, who has a part interest in the property.

Step by step the south is attracting within her borders men of large industry and wealth.

Let the good work go on.

Easter Sunday was spent pleasantly at Gaitersville, especially by the young folks, who spent an hour at the church in the afternoon.

The contractors commenced work on the new ferry boat for Stokes' ferry Monday. We will be glad to see it completed.

G. M. Whitton made a business trip to Ocala Monday.

Miss Pearl Allen, of Lecanto, is visiting friends and relatives in Gaiter this week.

Died, on the 29th of March, the infant of Mr. F. D. Sparkman. It was laid to rest in the cemetery at Cedar Grove Sunday evening.

We hear that Misses Cora and Frankie Ross leave Gaiter next Saturday for Gainesville, where they will attend school. We wish the young ladies a pleasant time in Gainesville, but Gaiter will be very dull during their absence.

Certain parties were very lonesome Sunday afternoon. I wonder who they were?

Success to the Banner and its many readers. JACK.
